The "Tx" impersonator of Ton Dunham and "Tx" impersonator of Ed Donegan create an appearance of a ring subverting Tom Dunham and I individually and collectively

Creating a fake human trafficking ring on social media

From Tom Dunham's site Molestquote

There seems to have been a feedback loop between my neighborhood, and my work at SelectQuote Insurance

> Around the time a woman was breaking into my apartment, various allusions to this event were made at SelectQuote Insurance.
> The method of entry suggests theatrics were planned from the get go. The keys left hanging on my window didn't open anything, but were probably there to suggest that they opened my door. The woman probably had a master key, but conceivably could have picked the lock while pretending to use the keys as well.
>
> I was given a fake rock for hiding keys while on the job at SelectQuote around this time. Just out of the blue. I was also warned to change my locks before my then estranged wife got back into town. Which was exactly when the break-in took place.

A recepit fom Lori Cox Oakland California Behavioral Health is among the rubble out side my open hotel door some if it with crack or meth pipe soot stains. Who likes a crackhead?

Cloths, rags, and papers left outside my room rental seem to indicate I was using amphetamines inside my long stay room. Note this is not planted inside my room. When I left my hotel room with my bicycle the doorway was clear. When I returned the doorway had these publicly visible items and the hotel room door was ajar so passerbys would be able to see my belongings could be seen inside the room and these materials could be seen outside my room. I reported it to the hotel staff and they noted the event at that time.

I was using Austin in a healthy way, excxersizing, Ro Fitness and the sandwhich shop though me nice and using the dock well, this subverted my trip to Austin as I looked for housing.

"Theatrics" is the term I take from Dunham's blog.

Tom Dunham suggests in many posts it seems to be law enforcement concocting all of these theatrics. In fact when I examined the items left o my doorstep in Austin, Texas, pictured above, I find this among it.

Kmala Harris: In 2003, she was elected district attorney of San Francisco. She was elected **Attorney General of California** in 2010 and re-elected in 2014. Harris has served as the junior United States senator from California since 2017. Born: October 20, 1964, Oakland, California

Tom Dunham worked for SelectQuote as a computer programmer and web developer doing the work of several engineers.

The appearance of a minors exploitation ring appeared outside his door and windows as sets of keys were planted and inculpating statements were made to him by strangers.

Here is his description of himself and his site saying the company he worked for was tied to the trafficking including an impersonator of him at a dinner in on the eve or day of a massage parlaor bust seeming tied to Edward Paul Donegan.

If you see something say something and Tom Dunham and I publicly out out via tech means and police reports a network seems to exist but it not tied to either him or myself, Edwwrd Paul Donegan, but is "talked about" in rumors about Edward Paul Donegan and Tom Dunham.

Select Quote review is his web site, for a while taken of the web for allegations violated Selectquote.com domain name rights, and in his site Select Quote review he says Select Quote the company is unsafe for kids because it built what I call a "gambit" network of exploiting minors that then the blame could be placed on others and I indicated to him I thought political glamour seeking Kamla Harris, San Franisco DA defeating Terence Hallinan was behind the fake ring.

> SelectQuote Review has been raising consumer awareness about issues at SelectQuote Insurance Services since **2011**. An employee who threatened harm against a small child received financial and other incentives. There are also reasons to suspect connection to a scandal within the San Francisco police. SelectQuote Review reports on these issues and their cover-up, to help insurance consumers make an informed buying decision. More information is available at www.selectquotereview.com.

> About Me +Tom Dunham I'm a father to my 5 year old daughter, living in downtown San Francisco (SOMA). I am a senior software engineer, most recently at Framehawk, with experience in web, VOIP, and Windows client applications. I've been here more than 10 years, in my previous life you might have seen me on the dance floor or playing tournament chess.

His site "Molestquote" and others posted visual and news information about a ring that did exist in his vicinity and I have done the same with Gold's Gym, Wells Fargo, Clarendon Courts, MacLamar Properties, and other locations in which the ring appears to exist and behind our backs we (Tom Dunham and myself) are assigned blame.

I believe this sets up asset seizures under the NDAA in 2011 under Judge Roll case which Illuminati interests need and thus used [subsumed, abused] Government offices to achieve via civil penalties on incomplete evidence but appearances.

[The real Tom Dunham speaking below is writing about a person with similar yahoo email to the real Tom Ddunham (TeeDee, yahoo.com) and that online sock puppet identity appars to be the author of SelectQuoteReview, real Tom Dunhams site.]

The **mentally challenged person posting as Tom Dunham from New York in the second rebuttal is obviously not me**. He gives how to get a police report, which is not a conviction. Not to mention, this person is having trouble distinguishing between a TV show and real law enforcement.

Perhaps in his fantasy world Agent Scully brought Tomas Dumas Dunham (not my name) down for God knows what, but here in the real world if I were an ex-felon anyone would be able to look that up. Again, this is the sort of person that defends SelectQuote Insurance.

Clearly, my website, http://www.selectquotereview.com, is factual and to the point. As you see here, SelectQuote's cronies are willing to lie. Once caught in their lies, they attempt to wriggle away by posting nonsense using my name. Is there any doubt that I'm the one whose been telling the truth all along?

Though Tom Dunham put up a knowledgeable site, its reputation was poisoned by the seeming craziness of its ALLEGED author, Thomas Duhmans Dunham who is NOT ON HIS MEDS, he and SelectQuoteReview should IGNORED <CNTRL>I !!!

With that subverion of Tom Dunham's report of a scam underway his domain name was attacked.

Take for instance this real psychiatrist, a gay rights advocate at UC San Francisco/

SelectQuote Review argues its company name trademark and DNS name not allowed in the SelectQuoteReview domain name and thus SelectQuoteReview should be subverted from being online.

Convictions are a matter of public record! So post it. A case number query against the San Francisco Superior Court database, with your provided case number, turns up no results. Also, nothing for my legal name, Thomas Dunham, nor the name Tom Dunham.

[Ed Donegan chiming in here, Thomas Dunham also Thomas Duhmas Dunham is the brand confusion with real Tom Dunham]

It is clear that this report [on rippoffreport.com [calling SelectQuoteReview the work of a pscycho] is a *fabrication*. The continued campaign of false information by SelectQuote just adds credence to my story. Similar false statements were posted by multiple fake accounts opened in my name.

Is it likely to impugn the state of mind of someone making assertions or statements?

New York Times Co. v. Sullivan, 376 U.S. 254 (1964)

"Cases which impose liability for erroneous reports of **the political conduct of officials** [like the San Francisco Police] reflect the obsolete doctrine that the governed must not criticize their governors. . . . The interest of the public here outweighs the interest of appellant or any other individual. The protection of the public requires not merely discussion, but information. Political conduct and views which some respectable people approve, and others condemn, are constantly imputed to Congressmen. Errors of fact, particularly in regard to a man's mental states and processes, are inevitable. . . . Whatever is added to the field of libel is taken from the field of free debate. [Footnote 13]"

NATIONAL ARBITRATION FORUM

DECISION (excerpted for brevity here in Illuminati Dawn)

SelectQuote Insurance Services v. Tom Dunham

Claim Number: FA1207001454896

PARTIES

Complainant is SelectQuote Insurance Services (“Complainant”), represented by ISCRS Inc., Idaho, USA. Respondent is Tom Dunham (“Respondent”), California, USA.

REGISTRAR AND DISPUTED DOMAIN NAME

The domain name at issue is selectquotereview.com , registered with eNom, Inc. ("the Disputed Domain Name").

PANEL

The undersigned certifies that he or she has acted independently and impartially and to the best of his or her knowledge has no known conflict in serving as Panelist in this proceeding.

Dawn Osborne of Palmer Biggs Legal as Panelist.

Complainant owns the SELECTQUOTE mark for which it has obtained federal trade mark registrations in the USA. It has a website at selectquote.com

As a result the Complainant owns the exclusive right to use selectquote.com in connection with its online insurance services.

The Disputed Domain Name is nearly identical and confusingly simlar to the Complainant's marks. The Disputed Domain Name contains the Complainant's entire mark plus a generic term "review" meaning that the casual observer is bound to mistake the Disputed Domain Name for a name connected with the Complainant.

Respondent has no rights or legitimate interests in the Disputed Domain Name. It is not commonly known by the Disputed Domain Name. It is not affiliated with the Complainant in any way and has no permission to use the Complainant's mark.

Respondent registered the Disputed Domain Name in 2012 significantly after Complainant's first use in commerce in 1985.

Respondent's typosquatting is, in and of itself, evidence of bad faith. Respondent has caused the websites reachable by the Disputed Domain Name to display the Complainant's mark spelt correctly, serving as further evidence of bad faith removing any doubt as to whether or not the spelling was intentionally designed to improperly capitalize on the Complainant's mark.

[Panel states for Select Quote to make its case] (1) the domain name registered by Respondent is identical or confusingly similar to a trademark or service mark in which Complainant has rights; and (2) Respondent has no rights or legitimate interests in respect

of the domain name; and (3) the domain name has been registered and is being used in bad faith.

[panel rules]

The Panel finds that the **Respondent [Ton Dunham] has not violated any of the factors listed in the Policy 4(b), nor has he engaged in any content that would constitute bad faith registration and use pursuant to Policy 4 (a)(iii)**. The Panel agrees with the Respondent that his use is purely nominative. See Chicago Bd. Options Exch. Inc. v. Private, FA 804703 (Nat. Arb. Forum Nov. 29 2006)(finding no bad faith registration and use where the respondent used the complainant's trade mark in its domain name in order to provide information on the complainant's Option Exchange and **the respondent was not attempting to brand itself as related to the domain name or to steal business from the Complainant)**.

The Police Misconduct alleged by Tom Dunham which I was not aware of the details of while I found the same thing happening to me, then to later find Tom Dunham's similar accounts.

Accounts of police use of Confidential Informants, then given drugs, encourage to breakins, police engaged in break ins, theft of personal items like prescription glasses to later turn up near crime scenes not connected to either of us, those crimes. Impersonators of he and I police backed genearating police operations and police civil actions, and later we will see, these crazy impersonators of him and me are co-operating with a Genentec operation about "Gloria",

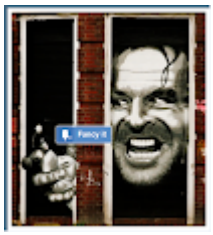
Introduction Hello, my name is Tomas Dumas Dunham This is my blog, my story of pain and torment. The alien in my closet took my daughter, so I took another's. Now what

And then weird dribble about GLoria[n] and genetic experiments and stolen babies from Thomas Dumas Dunhams schozi blog entry and the allged picture of Coocoos Nest Tom *.



"Zuciferians. They abduct humans for genetic experiments. They rob healthy human specimens of their bodies to use as a suit of clothes. They walk among us to cloud our knowledge of the Kingdom of Heaven. They are hiding the truth from us."

Surrounding his life but not tied to his life or my life, Edward Paul Donegan, Confidential Informants seem to CREATE a minors exploitation ring which then seems to tie to him and Edward Paul Donegan.

For decades I have been surrounded by exactly this and all patterns of activities are the same. Under Color of Law including using Behavioral Health a factual theory is being faked he and I are schizo, retarded, need Behavioral Halth Care, and it turns out the impersonators of Tom Dunham and I are working with Genentech and mother's with Gloria[s] DNA to create "new organisms.

If fact it appears that DNA rights usage is coming out of an alleged, publicly apparent, minors exploitation network which is uncovered when actuall adult entertainer find child porn on the impersonators of Tom Dunham or I and seem to OWE DNA rather than being arrested.

Tom Dunham are normal upstanding people without liabilities. Our impersonators and those who control those impersonations as marionettes are criminals with liabilities including

money laundering of genes rights as the impersonators get blackmailed for those rights.

The Dopples SUBVERT the reputations of Tom Dunham and myself and at least I get death threats for pointing out the dopples as they act in my identity and they have the police and media support, much clout behind the operation.

This book, once called Genoracketeering

- Proves the ring exists
- Proves Tom Dunham and I are NOT a part of it
- Proves it is police and prosecutor backed and likely is used to shake down my trust fund by social justice leaning law enforcement.

The interest in my genome appears tied to MKULTRA and the Manhattan Project and that activity is abnormal, not Tom Dumham nor I.

Neither he nor I have the clout to stop this, only describe it.

Google knowledge panel retrieved from Terence Hallinan and copied or modified to here as Kamala Harris defeats Terrancy Hallinan, Hallinan the police unjon favorite.

San Francisco Moderate, Centrist, Terence Hallinan to be replaced by Leftist Kamala Harris she her campaign for District Atttorney featured shutting down BackPage.com and the trafficking and exploitation of minority children.

SF District Attorney Terence Hallinan (December 4, 1936 - January 17, 2020) was an American attorney and politician from San Francisco, California.[1] He was the second of six sons born to Progressive Party presidential candidate Vincent Hallinan and his wife, Vivian (Moore) Hallinan.[2] Hallinan was educated at the London School of Economics, University of California, Berkeley, and University of California, Hastings College of the Law. He practiced privately in San Francisco.

Hallinan's propensity for fistfights continued in law school. When he and his brother were picketing in San Francisco against the House Un-American Activities Committee, some of their classmates arrived to picket them.[5] Strong words ensued and a fight was arranged in Golden Gate Park. Initially Hallinan was part of the crowd of UC Hastings student onlookers but he soon began a brawl with one of the opposing spectators. He also engaged in fistfights at a Young Democrats meeting and over a woman while at UC Hastings.[5]

As a student, Hallinan also became interested in nonviolent resistance. While attending the London School of Economics, he was arrested with Lord Bertrand Russell during a Campaign for Nuclear Disarmament sit-down demonstration in front of the U.S. embassy.[8] When he returned to America, he joined the Student Non-Violent Coordinating

Committee and spent the summer of 1963 in Mississippi.[6] Local authorities jailed Hallinan twice but the U.S. Attorney General and the National Council of Churches intervened to secure his release.[5]

Back in San Francisco, Hallinan helped organize the W.E.B. DuBois Club to support Communist Party USA.[9] In the fall of 1963, he joined the Ad Hoc Committee to End Discrimination and participated in sit-ins at the Sheraton Palace Hotel, Mel's Drive-In, and the Van Ness Avenue Cadillac showroom. His civil disobedience in the city resulted in six arrests and two separate criminal convictions.[5]

Looking Back on Kamala Harris' Record in California From cannabis to sex work, the death penalty to truancy, here's how the VP candidate applied her 'smart on crime' philosophy. by Benjamin Schneider • 08/11/2020 9:36 am - Updated 08/11/2020 1:41 pm

[text below editorially selected and excerpted to here]

[Kamaa] Harris' "smart on crime" philosophy, also the title of her first book, exemplifies her unwillingness to please either side.

Before entering public office, as a private attorney, **Harris specialized in domestic violence and youth sexual abuse cases, including those involving teenage prostitues**. As DA, she brought a less punitive approach to sex work, meeting with sex workers and pushing the vice squad to emphasize worker safety rather than criminalization.

But Harris continued a practice of using undercover cops to catch would-be johns before they solicited prostitution, which was revealed to disproportionately target Latino men. She also drew the ire of sex worker advocates when, as Attorney General, she went after the CEO of Backpage, a popular site for erotic transactions.
